The Five Mile Beach Volunteer Fireman's Association is moving forward with plans to hold the New Jersey State Fireman's Expo this September 17th, 18th 2021. At this time we are watching closely the governor's relaxation of the number of attendees permitted at outdoor activities.

With current restrictions being relaxed, and vaccinations on the rise, we are hoping for a return of conventions and outdoor numbers permitting our expo to resume.

Currently, The New Jersey State Fireman's Relief Association is expecting to be in Wildwood this year to hold their convention. While we are preparing for this year's expo, we cannot, at this time, guarantee we will be able to move forward without the further relaxing of outdoor gathering numbers.

Due to the time and effort it takes to produce our expo we must make a final decision by the end of May. We will post an update on our website at NJFIREXPO.com as soon as available.

Some signs are encouraging. We hope to see you in September.
